

## 2010 News Letter from the Seeleys at Kindred Spirits at Childs Cove

 Another year has passed and we hope that the holidays were good to all. We on the east coast received a little old man white weather early and have included some wintry white photos at the lake. It is not the norm for Lake Anna Virginia to receive 19 inches of snow, but we did this year and thought you might enjoy seeing some of our lake home in white (We arrived a few days after "The Storm" when the snow was starting to melt, but the boys still needed to shovel).

First we want to thank the many families that visited us from May to October in 2009 and for the many Christmas thoughts as well. To those returning another year at our home Kindred Spirits at Childs Cove on Lake Anna, thank you and to those thinking of visiting us this year, please don't hesitate to contact us. We love to get to see you this summer as well and as hosts offer our best guest service.

New for Kindred Spirits at Childs Cove in 2010 is the ability to access Wi-Fi. As you know or may not know, Lake Anna is still very quaint and services for most in urban areas are limited here (cable/fios) but isn't that why we vacation here to relax and not at home???.....To those that still need to connect to the internet world or URG... the office.... Verizon wireless began to offer this year a Wi-Fi product called Mifi 2200. It is a broadband wireless network that 5 users can access through their own computer's Wi-Fi application. We are now providing this to prime season guests and more information is provided

with booking/lease for its use as well. 

As always, we try to keep our vacation rental home at Lake Anna in tip top shape as well as try and offer things guest request/inquire of (If available to us). You should see throughout our website what updates are made and things offered in our amenities page. If you are new to staying at our home, you will find on our web site our guest book, brochure and information from Home-Away on booking a vacation rental home. There is also a links page/tab that offers additional information on services and

places of interest at or near Lake Anna Virginia. Please also note with our cleaning charge, beds are prepared with fresh linens and bath, face and hand towels are provided. Paper products are also left upon your arrival. We try to be Lake Anna's vacation rental with a Bed and Breakfast experience.

In closing, we again want to take a moment to wish all a wonderful New Year. 2009 was certainly a challenge for most and hope that this year is more prosperous and a better one for all. Take care and thank you again for visiting our home or to those thinking of doing such.

Warm Regards,

The Seeleys

Donna, Randy and Colby
