ABOUT LAKE ANNA

Lake Anna is the second largest lake located entirely in Virginia. It encompasses 250 miles of shoreline and 13,000 acres of water. The lake is 17 miles long and surrounded by farms and forest.

Lake Anna has 2 sections, the main or public section consists of 9,600 acres and where you will find marinas, restaurants and commercial business. The private side is divided by 3 rock dykes and consists of 3,400 acres and there is no public access unless you own property on that section. That means there are no public boat ramps or marinas, only homes adorn the shoreline.
